A Brief History

*W*e invite you to consider joining the pioneers of Martin County in memorializing your loved one on this peaceful hill overlooking the Indian River.

Beginning in the early 1890s, the Cemetery was started on land donated by Charles and Mary Racey. The Cemetery was expanded in 1933, through a donation by Cliff Garrison.

The Cemetery served as the burial place for the community that was once known as Waveland, situated in Brevard County. The earliest recorded burial was in 1904. Martin County was created in 1925 and the area was renamed Jensen Beach.

Today, All Saints' Cemetery operates with a volunteer Board of Directors and four employees. It serves the people of Martin and St. Lucie Counties.

Although affiliated with the Episcopal Church, the Cemetery is non-denominational; therefore, all are welcome.

Burial Plots

All Saints' Cemetery is a lawn cemetery on a windswept hill overlooking the Indian River Lagoon. It offers a serene setting for reflecting and remembering the life of a loved one. For traditional burials, we offer plots for a casket as well as plots for up to three cremains. These are available at the time of interment, or may be reserved for those wishing to plan in advance.

Mausoleums

For entombment burials, we offer single and true companion crypts for caskets and niches for cremains. The Mausoleums are situated next to the Serenity Garden, providing families with an area were they can memorialize their loved one in peace and tranquility.

Constructed of reinforced concrete with granite fronts, our mausoleum's beauty and construction will last for generations to come.

For cremation burials, we offer the Serenity Garden. The garden was created as a compassionate solution to provide a meaningful resting place for your loved ones choosing cremations. There are options to have the cremains scattered amongst the lush landscape as well as placing cremains in the ground naturally or in a biodegradable urn.

Serenity Garden

Our Beautiful Church Building

If you are interested in a church in which to memorialize and celebrate the life of a loved one, All Saints' Church may be that place.

Built in 1898, the beautiful Church building seats approximately 150 persons. It is accessible to the physically challenged. Larger gatherings can be accommodated in the Fellowship Hall where persons may view the service on a large television monitor.

Arrangements for clergy, an organist or pianist, and the use of the Church building and Fellowship Hall, can be arranged by calling the Church Office at 772.334.0610.

Guest musicians may participate in the service, with the permission of the Rector of All Saints'.
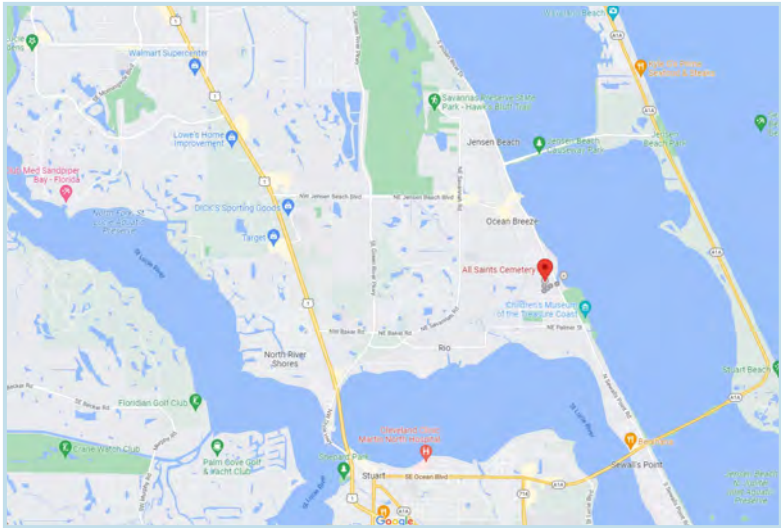

Services can be livestreamed on Facebook and YouTube for the benefit of family and friends who are unable to attend. Prior arrangements will need to be made.

Receptions

The Church's Fellowship Hall and/or garden can be the venue for receptions following funeral or memorial services.

The Fellowship Hall has a seating capacity of approximately 85. Catering services can be recommended to assist families in providing hospitality.
